ABOUT ME

Software Engineering Graduate from CINEC Campus and a Junior Software Engineer. Passionate about full-stack web development and crafting intuitive UI/UX designs. Experienced in building responsive applications and implementing business software solutions using modern technologies like React, Flutter, and the Frappe Frameworks.

WORK EXPERIENCE

- **Junior Software Engineer** | **Cynexia (Pvt) Ltd –** (January 2025 - January 2026)
  - **ERP Development:** Specialized in developing and customizing modules using the **Frappe Framework** and **ERPNext** to streamline business operations.
  - **Web Development:** Contributed to full-stack web development projects, ensuring high-performance and responsive interfaces.
  - **System Optimization:** Assisted in debugging and optimizing code to improve system efficiency and user experience.

PROJECTS

- **Corporate Website - AK Textiles (Pvt) Ltd.**
  Technologies: React.js, Tailwind CSS, Python, Figma
  - **UI/UX Design:** Led the complete design process, creating a modern, high-end interface to elevate the corporate brand identity.
  - **Feature Development:** Engineered a T-shirt customization module using Python models to enable dynamic product personalization (currently in development phase).
  - **Web Development:** Built the responsive frontend architecture to showcase textile products and services effectively.
- **After Sales Service Mobile and Web Application –** *George Stuart Consumer (PVT) LTD*
  Technologies: Flutter, Firebase
  - Developed an integrated solution for managing sales tasks, customer complaints, and QR code-based tracking.
  - Led **UI/UX Design** for seamless user experience across platforms.
- **Volunteer Web Application**
  Technologies: HTML, CSS, JavaScript, PHP, SQL, Figma
  - Worked on both back-end and front-end development for a web application connecting users with volunteer opportunities, including event search, user registration, and real-time updates to increase engagement.
- **Tuition Class Management System (Mobile App)**
  Technologies: Flutter, Firebase
  - Led **UX/UI design** and **front-end** development for a mobile application that streamlines student enrollment, payment processing, and attendance tracking.
- **“Chapter One” Book Store**
  Technologies: ReactJS, NodeJS, ExpressJS, MongoDB, Google Book API
  - Developed a responsive platform for browsing and purchasing books, with features for managing user accounts and orders to enhance user interaction.

UI/UX DESIGN PROJECTS

- **Real-Time Railway Tracking System (UI/UX Design)**
  Technologies: Figma
  - Led UX/UI design for a real-time railway tracking system, enhancing user experience through intuitive design.
- **Ai Fitness Tracking System (UI/UX Design)**
  Technologies: Figma
  - Led UX/UI design for a fitness tracking system to help users monitor their health and progress.
- **Veloce Motors (UI/UX Design)**
  Technologies: Figma
  - Led UX/UI design for a car dealership website to enhance user experience and streamline vehicle browsing and purchasing.

CERTIFICATIONS

- Introduction to Android Studio Course in Simplilearn
- Database Management in Great Learning Academy
- Python for Beginners in DP Education IT Campus
- UI/UX for Beginners in Great Learning

RESEARCH & PUBLICATIONS

Emotion-Adaptive Focus Mode Browser Extension

- Published Abstract - CINEC International Research Symposium (CIRS 2026)
- Published on Chrome Web Store

EDUCATION

BSC(HONS) IN SOFTWARE ENGINEERING **Expected Graduation: Nov 2026**
Colombo International Nautical and Engineering College

GCE Advance Level **2020**
R/Balangoda Ananda Maithreya Centrel College

FRAMEWORKS & LIBRARIES

Frappe Framework	Tailwind CSS
React.js	Express.js
Node.js	Flutter
Next.js	

SOFTWARE TOOLS

VS Code	GitHub
Android Studio	XAMPP
Figma	MySQL
Postman	Docker

SKILLS AND ABILITIES

UI/UX Design	Leadership	Communication
Programming	Quick Learner	Problem Solving
Creativity	Hard-working	Teamwork

EXTRA CURRICULAR ACTIVITIE

- **Editor** – TechStrike Club, CINEC Campus *(2024 - Present)*
- **Head of Graphic Design** – TechStrike Club, CINEC Campus *(2023 - 2024)*
- **Volunteer** – CINEC Expo *(2023)*
